Filling Up

At Coastal Kayak we are big believers in the healing powers of the outdoors. We feel so fortunate that, living where we do, we've been able to get outside

daily while still following social distancing guidelines. There is nothing like the warmth of the sun on your face to lift and energize your spirits. Sadly, we know that many of you don't have easy access to the outdoors and getting outside may be risky sometimes. We wish that we could send some sunshine your way! But know that as soon as we're allowed, we'll get you on the water so that you too can fill your Nature Rx and get your vitamin sea. Our hearts go out to all of those directly or indirectly affected by the virus. Stay safe and well see you soon!

Waiting - Planning - Prepping

Like you, we're anxiously waiting to hear the plans for reopening. In whatever capacity we're allowed to open, WE WILL OPEN! The logistics for getting you out on the water might have to change a little. But once you're **on** the water, it will be the closest you can get to pre-pandemic days. Here are a few of our ideas/plans for the start of Summer of 2020:

- More availability/flexibility for bringing kayaks/paddleboards to you
- Limited number of participants for kayak tours
- Meet participants at tour sites instead of transporting in van
- Disinfecting boats, paddles, and PFDs after each use

We know there will be other changes that we don't foresee at this time. But we'll do whatever it takes to see your smiling faces again!

Kayaks To Go!

You get your pizza and groceries delivered - why not your kayaks and paddleboards? We've always offered free delivery service with certain restrictions. This year, to make it easier to avoid crowds, we'll be relaxing some of our minimums and delivery area restrictions to accommodate your needs. More details coming soon!

What's the Best Kayak for Me?

Spring is the most popular time of year for purchasing a kayak. It makes sense - the water is warming, the sun is getting stronger - everyone wants to get outside! With so much water in our area, kayaking is a great way to explore. If you're wondering which type of kayak will be best for you, this article may help you make that tough decision.
