Subject: Many To-Go Food and Beer Options Now Available!

In the wake of Governor Carney's address this afternoon, our restaurants will be indefinitely closed for in-house dining. However, we will be offering a variety of to-go beer and food options between Crooked Hammock Brewery Lewes, Crooked Hammock Brewery Middletown, Fork & Flask, and Taco Reho, from 12-8pm daily, effective immediately. As a business, we continue to stride to operate with the highest standards of cleanliness and hospitality to serve our customers.

If you would like to place an order we ask that you visit each business' corresponding website via the links below. There you will find the full list of food and beer to-go options, hours of operation, and detailed instructions on how you can place your order. These orders will be available for pickup at all participating locations. We are also currently working on implementing an Online Ordering & Delivery service, so be sure to stay tuned for details on their roll out.

We thank all of you for your continued support of our businesses, staff & local community. Please continue to stay safe & strong!
