Subject: A Note from Our Mason's Family on COVID-19

To Our Mason's Famous Lobster Rolls Community -

At Mason's the health and well-being of you, our valued customers, is always our top priority. Recent events surrounding COVID-19 make this even more important. We want you to know that we are actively monitoring the evolving situation and are taking every precaution possible to ensure your well-being, as we manage the public health concerns caused by COVID-19 (coronavirus). With this in mind, we want to take a moment to let you know what we are doing to keep you safe when you seek a little respite in one of our restaurants.

During the past week, we reevaluated and increased our cleaning protocols to make sure that our restaurants are safe. Following are just a few of the additional steps we are taking:

- We have increased the frequency of cleaning and disinfecting our restaurants, with special attention to door handles, tables, counters, registers, salt and pepper shakers and napkin dispensers.
- Our Team Members will be vigilant about handwashing before, during and after their shifts.
- We will encourage all employees to stay home if they are experiencing any flu-like symptoms.

But if you prefer to eat at home, we understand that as well. All of our restaurants offer [online ordering](#) so that you can order ahead and pick up your food to go. And many of our restaurants offer delivery through DoorDash, GrubHub or UberEats. Just check out the menu page of your neighborhood restaurant to find out more.

As always, our whole team thanks you for your patronage. Stay safe and healthy. We look forward to serving you soon.

Dan Beck,
President
Mason's Famous Lobster Rolls
