

## Visitation Formula & Statistics – updated 2019

- **Downtown Rehoboth Only** Estimated Annual Visitation .....3,519,475
- **Route One Only** Estimated Annual Visitation .....3,547,480
- **Dewey Beach Only** Estimated Annual Visitation.....919,040
- **TOTAL Estimated Annual Visitation Entire Resort Area** .....7,985,995
- Visitation Formula: Take Average Daily Traffic Count Times 365 days per yr; times 1.2 persons per vehicle; minus 35%, which represents those who work here or may be traveling through. On a regular basis, the Chamber of Commerce reviews DelDOT’s traffic count on Route 1 and 1A specifically. Without a demoflush system in place, this has proven to be the best source of consistent information over the years. The formula used includes the very conservative count of 1.2 persons per vehicle. Individual visitation counts are often confused with passenger vehicles – in other words, counting the vehicle only with no formula for how many individuals may be riding in the vehicle.
- Note: 1% average increase from 2012-2015.
- Compare: Visitor Profile State Records which indicate that 12 to 13 million visit the State annually and State Beach Report indicates over 5 million (5,096,908) visit Beaches.
- Destination/Overnight visitor volume to Delaware was 5.96 million in 2003. (Delaware Travel Barometer, 2003 Travel Trends).

**Traffic Counts - DELDOT**

Route 1	January – September 1999	Avg. 46,065
Route 1	Annual – 2002	Avg. 50,159
Route 1	Annual – 2015	Avg. 64,372

Additional Traffic Information (*Source: Delaware Beach Life July 2016 – Lynn R. Parks*):

Delaware Dept. of Transportation statistics show that the average daily traffic count at Route 1 and Rehoboth Avenue has climbed from **57,053 vehicles in 2010 to 64,372 in 2015** and that at Routes 1 and 1A (or Rehoboth Ave.), the daily traffic count averages 64,372 vehicles. The average daily count for the same intersection in 2010 was 57,053.

The Delaware Dept. of Transportation completed a \$10 million project to add sidewalks and crosswalks along Route 1 from the Nassau Bridge north of Five Points to the Canal bridge in an effort to give pedestrians safer options for crossing the Highway. In addition, a traffic signal just south of this area was installed that pedestrians can activate to cross the Highway.

Average daily traffic counts at selected coastal Delaware intersections, compiled by the Delaware Department of Transportation:

	Route 1 at Five Points	Route 24 at Route 1	Old Landing Road at Route 1	Bay Vista Road at Route 1	Route 26 at Millville town limit
2001	22,775	11,387	9,275	357	10,105
2013	48,329	19,008	13,701	4,491	22,856
